

Is your PC running slow?

Can you hard-boil an egg while the system loads?

Do the neighbors close their windows when you are on the computer?

Do you use the name of the computer . . . or the software in vain?

Do you want some help?

The Port Ludlow Computer Club  
Presents:

# "Tune-Up"

Methods, Tools, & Utilities to Improve  
Computer Performance

July 14<sup>th</sup> - 6:00 PM

Bay Club
